

# LAUNDRY HOMEWORK

Discuss with the person at your house who is responsible for the laundry how they like to have the laundry sorted. Remember the ways to sort that we talked about in class.

- ✓ By color (whites, darks, brights, etc.)
- ✓ By amount of soil (heavily soiled, lightly soiled, etc.)
- ✓ By water temperature (Hot, Cold, Warm)
- ✓ By special needs (Delicates, bleach, fabric softener, etc.)
- ✓ By fabric type (cotton, blends, etc.)

Explain to this person that you are going to be in charge of the laundry for one week or until the requirements are met for the grade you desire to receive. You will need to fill out this sheet and answer the questions and turn it in with a parent's signature when you are done.

- To receive an A, you must do an amount of laundry that is sorted 3 ways during the week.
- To receive a B, you must do an amount of laundry that is sorted 2 ways during the week.
- To receive a C, you must do an amount of laundry that is sorted 1 way during the week.

For example if you want an A, you might choose to do the towels, jeans, and whites for the week. If there is more than one load from the towels and jeans during the week you are expected to do those extra loads. For the laundry that you do you are expected to round it up, sort it, pre-treat stains if necessary, wash it, dry it, and distribute the clothing back to the owners. You do not have to do any ironing for this assignment

*Please fill out the bottom portion of this sheet for your grade.*
